

## **New Opening Procedures**

We will be remaining open in a limited capacity offering a **Click & Collect Service** as well as a local delivery service. Please order online at [www.scanstation.co.uk](http://www.scanstation.co.uk) where possible to keep the phones free as we deal with many local businesses.

We have also received the following statement from Checkatrade.

“As England returns to lockdown, the government has confirmed that [work can be carried out in homes](#) in England. “

If unable to place order online due to faults or internet issues with your computer.

Please call 01243 767399 where we will be able to take your details book in your computer and give you a job number to allow you to drop off and limit the exposure to all.

Keep well and safe in these very strange times.
